# Scrap Tire Hauling Identification Certificate

Hauler ID#: NCT01813

Date Issued: 2/3/2021  
Business Name: CRANDALL CORPORATION  
Owner: JACK C. FAULK  
Contact: ROBERT R. WHITE  
Mailing Address: 100 RICH-LEX DRIVE  
LEXINGTON, SC 29072

THIS CERTIFICATION PROVIDES AUTHORIZATION TO OPERATE IN THE FOLLOWING NC COUNTY(S):

ALL

This identification certificate references the Scrap Tire Hauler Registration Application submitted to the Division of Waste Management – Solid Waste Section by the scrap tire hauler.

**Hauling and disposal of scrap tires in violation of this certificate, the Scrap Tire Management Rules (15A N.C.A.C. 13B .1100), or the Scrap Tire Disposal Act (N.C.G.S. Chapter 130A – Article 9, Part 2B) is subject to civil or criminal penalties (N.C.G.S. 130A-22; N.C.G.S. 130A-309.62; N.C.G.S. 14-399).**

This certificate must be presented to the tire retailer or other person(s) when scrap tires are acquired by the hauler. The scrap tire hauler must also present this certificate to the operator of the scrap tire collection or disposal site. A scrap tire hauling identification certificate is required to be renewed. It is valid for five years from the date of issuance and must be updated if the hauler contact information has changed.

CERTIFICATE OF REGISTRATION  
FOR REGISTRATION YEAR(S) 2023-2026**

**Registrant:** CRANDALL CORPORATION

ATTN: Robert R. White  
100 RICH-LEX DR  
LEXINGTON, SC 29072

This certifies that the registrant is registered with the U.S. Department of Transportation as required by 49 CFR Part 107, Subpart G.

This certificate is issued under the authority of 49 U.S.C. 5108. It is unlawful to alter or falsify this document.

**Reg. No: 060823550061FH    Effective: July 1, 2023    Expires: June 30, 2026**

**HM Company ID: 18388**

**Record Keeping Requirements for the Registration Program**

The following must be maintained at the principal place of business for a period of three years from the date of issuance of this Certificate of Registration:

- (1) A copy of the registration statement filed with PHMSA; and
- (2) This Certificate of Registration

Each person subject to the registration requirement must furnish that person's Certificate of Registration (or a copy) and all other records and information pertaining to the information contained in the registration statement to an authorized representative or special agent of the U. S. Department of Transportation upon request.

Each motor carrier (private or for-hire) and each vessel operator subject to the registration requirement must keep a copy of the current Certificate of Registration or another document bearing the registration number identified as the "U.S. DOT Hazmat Reg. No." in each truck and truck tractor or vessel (trailers and semi-trailers not included) used to transport hazardous materials subject to the registration requirement. The Certificate of Registration or document bearing the registration number must be made available, upon request, to enforcement personnel.

For information, contact the Hazardous Materials Registration Manager, PHH-52, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue, SE, Washington, DC 20590, telephone (202) 366-4109.

Re: Industrial Wastewater Pump & Haul Operation  
Crandall Corporation  
Lexington County

Dear Mr. Faulk:

This Office received your request to pump and haul wastewater on September 17, 1999. The wastewater is from the tank farm secondary containment system, tank farm loading/unloading bay, settling/separation unit, and vehicle wash-down area. The anticipated wastewater flow from these areas are approximately 300,000 gallons per year. Three existing 20,000 gallon above ground tanks will be use for storage of the wastewater. Crandall Corporation will haul the wastewater to either Water Recovery Systems in Charleston, SC or Waste Research & Recovery in Norcross, GA for ultimate disposal. After a review of the information provided, this Office hereby approves your request with the following conditions:

- 1) The wastewater must meet all the conditions required by either Water Recovery Systems or Waste Research & Recovery.
- 2) All transporting of wastewater shall be in accordance with rules and regulations of the State Department of Transportation and other agencies as applicable.
- 3) All sludges, waste oil and solid and hazardous waste shall be properly disposed of in accordance with the rules and regulations of the Bureau of Land and Waste Management.
- 5) A Best Management Practice (BMP) plan shall be developed and implemented for the wastewater storage tank and associated areas.
- 6) All records including the manifest should be retained for a minimum of three (3) years, or longer if requested by the Department. Upon request you shall furnish to the Department copies of records required to be kept.

RE: Crandall Corporation Solid Waste Processing Permit, Facility ID # 322704-2001  
Lexington County

Dear Mr. Faulk:

Your most recent letter, dated January 18, 2001, requesting an extension to draft permit conditions number three (3) and four (4) has been reviewed. The Department is issuing the final permit contingent upon Crandall's compliance with the revised permit conditions. Again, item three (3) shall be in letterform that specifies all items that Crandall is not in compliance with and a timeframe on how long it will take Crandall to come into compliance with each issue. Item four (4) shall be an acceptable financial assurance mechanism in the amount of \$46,801.15 and be submitted to the attention of Michelle McCormick, Solid Waste Planning & Compliance. Keep in mind, non-compliance with these permit conditions would be a violation of your permit.

Also, receipt of your letter, dated January 8, 2001, commenting on the referenced subject's draft permit is acknowledged. Your request to reduce the amount of fencing around the perimeter of referenced facility is approved. Therefore, the proposed changes to page 11 and Figure 2, both in the engineering report, are acceptable. Enclosed is a permit for Crandall Corporation to continue operating the referenced facility as an industrial solid waste processing facility, in accordance with Regulation 61-107.6, Solid Waste Processing Facilities. In addition, enclosed is a stamped and approved set of the engineering plan and report that is to be kept on-site for reference, at all times.

It is recommended that in addition to the record keeping requirements, as stated in section F.2. of R. 61-107.6, all documentation from generators and landfill approvals associated with the disposal of solid waste shall be retained on-site and available to the Department, upon request. Keep in mind, any recovered materials that Crandall receives shall be managed in accordance with the Solid Waste Policy and Management Act of 1991. The definition of a recovered material states that a minimum of seventy five (75) percent by weight of the materials received shall be used, reused or recycled per calendar year.

Jack C. Faulk  
January 24, 2001  
Page 2 of 2

Therefore, a record of the amount of all solid recovered materials that come in and go out shall be maintained and kept at the facility for Departmental review, upon request.

If you should have any questions about this permit, please contact April Grunsky, at 803-896-4214, or via internet, at [grunskac@columb34.dhec.state.sc.us](mailto:grunskac@columb34.dhec.state.sc.us). Questions and future correspondence pertaining to the operation and compliance of the referenced facility should be referred to Michelle McCormick, at 803-896-4044. General questions should be referred to John Chigges, with the Central Midlands District Office, 803-896-0620. Also, please reference future correspondence with the referenced facility identification number.

Sincerely,

Robert L. Gill, P.E.  
Manager of Solid Waste Facility Engineering Section

OFFICE OF ENVIRONMENTAL QUALITY CONTROL  
BUREAU OF LAND AND WASTE MANAGEMENT  
SOLID WASTE PROCESSING FACILITY  
FACILITY ID # 322704-2001

Date of Issuance: January 24, 2001

Effective Date: February 13, 2001

Permission is hereby granted to:

Name of Facility:	<u>Crandall Corporation</u>
Permittee:	<u>Crandall Corporation</u>
Mailing Address:	<u>100 Rich-Lex Drive</u>
	<u>Lexington, South Carolina 29072</u>
Contact Person:	<u>Todd Brooks</u>
Phone:	<u>(803) 791-4800</u>

for the operation of a solid waste processing facility, located approximately one (1) mile northeast of the intersection of I-20 and US 378, off of Riverchase Way.

This permit is modified pursuant to S.C. Code Ann. Section 44-96-10 et seq. (Supp. 1999) and 25A S.C. Code Regs. 61-107.6 (Supp. 1995). The authority granted below is subject to the requirements of the previously mentioned law and regulations and the attached conditions.

Arthur D. Braswell, Director  
Division of Mining and Solid Waste Management  
Bureau of Land and Waste Management

Robert L. Gill, P.E., Manager  
Facility Engineering Section  
Bureau of Land and Waste Management

If the permit is appealed, the effective date of the permit will be revised as necessary. Any request for review or appeal of this permit must be served in person or by mail within fifteen (15) days of the date of issuance, on:

The Department of Health and Environmental Control  
Office of the Commissioner  
2600 Bull Street  
Columbia, South Carolina 29201

Crandall Corporation Solid Waste Processing Facility  
FACILITY ID # 322704-2001

A. Special Permit Conditions

1. The Permittee shall adhere to the engineering plans and report plan, dated October 16, 2000, unless permit conditions state otherwise.
2. The Permittee shall not exceed the facility's processing capacity of two thousand four hundred ninety one and two tenths (2,491.2) tons per calendar year of industrial solid waste and the facility's storage capacity of one hundred eighty (180) drums or the equivalent of nine thousand nine hundred (9,900) gallons of industrial solid waste.
3. Within five (5) days of the issuance of the permit, the Permittee shall provide to the Solid Waste Facility Engineering Section a compliance schedule that specifies all items that Crandall is not in compliance with concerning the referenced subject. The schedule shall address compliance with specific items on a month-to-month basis up to a maximum of six (6) months. No later than July 31, 2001, the Permittee shall be in compliance with this schedule.
4. No later than April 1, 2001, the Permittee shall secure a financial assurance mechanism for this facility that is acceptable to the Department.

## USED OIL TRANSPORTER REGISTRATION NOTIFICATION

**TO:** Mr. Todd Brooks  
Crandall Corporation  
100 Rich Lex Drive  
Lexington, SC 29072

**FROM:** Brian D. Rivers *BDR*  
Solid Waste Compliance

**RE:** Used Oil Transporter Registration - Lexington Site  
Identification Number: UOT-SCD981864499  
Lexington County

**DATE:** November 4, 1995

Dear Mr. Brooks:

Solid Waste Management Regulation R.61-107.279 - Used Oil, governs the generation, collection, transporting, processing and disposal of used oil in South Carolina. Subpart E of this regulation details the standards for used oil transporters and transfer facilities.

The Department has reviewed your used oil transporter registration for the Lexington site and has deemed it complete. As a used oil transporter registered in SC, you are required to be familiar with and abide by the language in the used oil regulation, 61-107.279. Failure to comply with the requirements in of the used oil regulation may result in compliance and/or enforcement actions and the assessment of fines.

The registered used oil transporter is responsible for notifying the Department with any insurance renewal or cancellation information. The registered used oil transporter is also responsible for notifying the Department of any company location/address and contact changes.

The names of all used oil transporters registered in SC are forwarded to SCDHEC's Hazardous Waste Compliance Monitoring Section and the Department of Public Safety's Transport Police.

Registered used oil transporters no longer in the business of transporting used oil must notify the Department in writing to have the used oil transporter's name removed from the registered used oil transporters list.

If you need additional assistance, please contact Brian Rivers at (803) 896-4207, FAX (803) 896-4001.

FEDERAL HIGHWAY ADMINISTRATION

CERTIFICATE

MC 231269 C

CRANDALL CORPORATION  
LEXINGTON, SC, US

This Certificate is evidence of the carrier's authority to engage in transportation as a **common carrier of property (except household goods)** by motor vehicle in interstate or foreign commerce.

This authority will be effective as long as the carrier maintains compliance with the requirements pertaining to insurance coverage for the protection of the public (49 CFR 387), and the designation of agents upon whom process may be served (49 CFR 366). The carrier shall also render reasonably continuous and adequate service to the public. Failure to maintain compliance will constitute sufficient grounds for revocation of this authority.

Thomas T. Vining  
Chief, Licensing and Insurance Division

**NOTE:** Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a DOT safety fitness rating of "Unsatisfactory" or by other indicators, could result in a proceeding requiring the holder of this certificate or permit to show cause why this authority should not be suspended or revoked.

Scrap Tire Carrier Permit

Permit Number: 160-046 CX

Date Issued: November 17, 1999

Permittee:

Crandall Corporation

In accordance with the provisions of the Georgia Comprehensive Solid Waste Management Act, O.C.G.A. 12-8-40.1, et seq., and the Rules for Solid Waste Management, both as amended, this Permit is issued for the following Scrap Tire Carrier Operation:

Crandall Corporation  
100 Rich-Lex Drive  
Lexington, SC 29072

The application and all statements and supporting documents submitted to the Environmental Protection Division have been evaluated, considered and relied upon in the issuance of this permit.

This Permit is conditioned upon the Permittee's continued compliance with the provisions of the Georgia Comprehensive Solid Waste Management Act, the Rules for Solid Waste Management and the following conditions:

1. Carrier shall transport scrap tires to Environmental Protection Division approved handling facilities;
2. Carrier shall report quarterly to the Environmental Protection Division the number of scrap tires transported and the manner of disposition, and
3. Carrier shall maintain financial assurance in accordance with the Rules.

This Permit is effective on Date Issued and under Georgia law is subject to appeal for thirty (30) days following issuance. This permit is subject to modification or revocation on evidence of noncompliance with any of the provisions of the Georgia Comprehensive Solid Waste Management Act; the Rules for Solid Waste Management; or with any representation made in the application or the statements and supporting data submitted; or with any conditions of this Permit.
